From the Board of Revenue, Proceedings R.O.No.8020,
dated 2nd December 1948.

O r d e r:

Under the circle system of inspection of minor irrigation sources, ordered in G.O.Ms.No.1432 Revenue, dated the 6th July 1936, each taluk is divided into a number of circles and the minor irrigation sources in the circles are attended to in rotation with the result that the sources included in a particular circle, will get their turn only once in 4 or 5 years. In consultation with the Board of Revenue the Government have examined the question of making the inspection of Minor Irrigation sources more frequent. They direct that, without prejudice to the circle system, Minor Irrigation overseers should inspect every minor irrigation work in the district once a year and if possible

oftner and should keep an accurate record of the condition of each minor irrigation work as ascertained by these inspections.

2. Repairs necessitated by unforeseen occurrences like floods should continue to be attended to immediately, as usual.

3. The Board of Revenue is requested to issue revised instructions to Collectors accordingly.

(By Order of His Excellency the Governor).
